

6th CIRIEC INTERNATIONAL RESEARCH CONFERENCE ON SOCIAL AND SOLIDARITY ECONOMY

MANAUS (BRAZIL) 29, 30 NOVEMBER- 1, 2 DECEMBER 2017

CALL USED FOR: **ABSTRACTS AND SESSIONS COORDINATION**

PORTUGUÊS * ESPAÑOL * ENGLISH * FRANÇAIS

Notice 02/2017 – CALL FOR SUBMISSION OF PAPERS

1. Initial Guidelines

This announcement reorganizes the activities set out in Notice 01/2017 regarding the 6th. CIRIEC INTERNATIONAL RESEARCH CONFERENCE ON SOCIAL AND SOLIDARITY ECONOMY.

The 6th. CIRIEC INTERNATIONAL RESEARCH CONFERENCE ON SOCIAL AND SOLIDARITY ECONOMY will have three categories of participation:

- a. Working Groups (1.1)
- b. Poster (1.2)
- c. Young Researchers (1.3)

1.1. The Working Groups

www.ciriec-brasil.org.br

The Working Groups (WGs) are composed of strategic themes previously presented by the Scientific Committee.

The topics of the WGs (GTs, by the Portuguese language) of the event are those included in Annex 1 of this Notice. Each session will be selected from 6 to 10 works by GT for oral presentation and Publication.

The Working Groups operate in three stages:

- a) Submission of **Abstract** – Deadline: 31/08/2017
- b) Disclosure of **Accepted Abstracts** – Evaluation Completed: 01/10/2107
- c) Submission of **Complete Paper** – Deadline: 31/10/2017

Abstracts and full papers will only be sent through an online electronic system, available at: www.even3.com.br/CIRIEC. Proposals sent by e-mail, conventional mail, directly to the coordination of the activity or to the secretariat of CIRIEC BRASIL will not be accepted. Exceptionally Abstracts sent to other emails will be redirected to the above address.

The dates and places of the presentations of the selective works will be announced together with the final programming of the event in a specific announcement.

To send the Abstract, the researcher must complete the general registration form and then submit his / her scientific collaboration, with a title of the paper, to the Simple Abstract (**fit for 1200 characters with space**) for the coordination to have a more in-depth understanding of the proposal at the time of its evaluation.

The **Complete Paper** must contain: A) title of the research; B) data from other authors, if any; C) research promotion agency (if any); D) object and objectives: an overview of research with a clear definition of the object and objectives; E) Methodology: synthesis of the methodology or approach of the research and its sources; F) results and conclusions: indicate the main results and conclusions obtained, in accordance with the proposed objectives; G) Synthetic Bibliographic References; As well as any other information that may be considered pertinent, and may not exceed 35 pages. **Deadline: 31/10/2017** - for the composition of the records (proceedings) of the conference.

Up to **4 co-authors per article** will be admitted.

Each author may submit a maximum of **3 articles**, even in co-authorship.

The researcher can only send the Abstract and send the Complete Paper for Publication if he / she pays to sign up for the event.

For the Publication of the article it is necessary the presentation by at least one author.

The approved Abstracts may be re-assigned to Working Groups (or Working Sessions) by decision of the Scientific Committee for the best development of the work.

1.2. The Poster

The subscribers may choose to present **Panels**, according to the general themes presented in the Working Groups, containing the summary of their research.

Deadlines:

- a) Submission of **Abstract** – Limit: 30/09/2017
- b) Disclosure of **Accepted Abstracts** – Estimation Accomplished: 20/10/2017
- c) Sending a copy of the **Poster** (in .pdf) – Time limit: 15/11/2017

In this modality, also it is required the confirmation of the registration in the event and the exhibition of the Panel to carry out the Publication.

It is the responsibility of the Scientific Committee to organize the activities so as to allow a brief oral presentation of each of the Scheduled Panels - as well as any additional dialogues with the public at times when the group session is not taking place.

Selected Panels will be exposed in a single place / space for all days of the event.

The researcher will only have published his work in full if the Panel is exposed at the VI Conference and its registration has been carried out.

The Scientific Committee will indicate the three best Panels for the award / certification of the best Panel of the event.

Each panelist exhibitor is responsible for the fixation (on a hook in the place already prepared for it) of his / her Panel in the space destined from the first day of the event.

It is the responsibility of the exhibitors to prepare their Panel.

Panel size: **0.90m wide** by **1.20m high**.

The Panel text must be legible at least two meters apart. Use a simple, easy-to-read font with visible size at the distance indicated in the previous item.

Color combinations that allow good contrast (e.g., black on white, dark green on white, dark blue on white, dark red on white, white on black, white on dark blue) should be used in the composition of the panel. Never use: red with green or red with blue.

Do not use heavy paper or cardboard, which makes fixing difficult, as it will be prohibited to use nails or tacks on the panels.

Organize the information so that the core ideas of the work are easily grasped and / or captured.

It is allowed to use pictures, photos, tables, charts and possible diagrams, besides the text of communication. Use all available resources to make the panel interest the public.

Content of the Panel:

- TITLE OF WORK (written in **CAPITAL LETTERS**);
- AUTHOR;
- INSTITUTION OF THE AUTHOR;
- RESEARCH DEVELOPMENT AGENCY (if any);
- OBJECTIVE AND OBJECTIVES: overview of the research with a clear definition of the object and objectives;
- METHODOLOGY: give a compact idea of the methodology or approach of the research and its sources;
- RESULTS AND CONCLUSIONS: indicate the main results and conclusions obtained, in accordance with the proposed objectives;
- SYNTHETIC BIBLIOGRAPHICAL REFERENCES.

A template in .ppt (TEMPLATE) will be available on the event website.

Papers submitted as an oral presentation and are not selected will automatically be assigned to the Poster Presentation.

1.3. The Young Researchers

Collaborations of graduated or graduating researchers in the YOUNG RESEARCHERS (JOVENS PESQUISADORES, by the Portuguese language) category will be accepted, subject to the same rules and deadlines of items **1.1** and **1.2** of this announcement.

Each Young Researcher can submit a maximum of **3 works**, even in co-authorship.

1.4. General Considerations

- On Certificates and Publication:
 - a) both the first author and the co-authors, provided that they are duly registered and present at the event, with the consequent presentation of the works scheduled, will receive certificates of participation;
 - b) only selected papers will be published in electronic format and will be effectively presented by at least one author in the event, with the proper discharge of registration fees.

- The use of works and research that belong to third parties, partially or in full, without the proper credit and pre-authorization of the involved (s), constitutes a serious fault

and may imply the exclusion of those involved from all promoted academic activities by CIRIEC.

- The FIRST AUTHOR will be formally considered the RESPONSIBLE for the presentation of the work in the event.
- Up to 4 authors (**1 AUTHOR AND 3 CO-AUTHORS**) can be nominated for each work enrolled.
- The proper and correct identification of the authors of each paper composes one of the ethical pillars of the academic-scientific activity. In this sense, attention must be paid to the indication of the authors really involved in the production of the researches to be presented. At the time of submission, some co-authors will be requested (at least, full name, e-mail and, home address).

2. **Targets** (briefly)

A. Submission of Articles for oral presentation in the Working Groups:

- Abstract:** 31/08/2017
- Complete Paper:** 31/10/2017

B. Submission for Poster Presentation: 30/09/2017

C. Submission for Young Researchers:

- Abstract:** 30/09/2017 (**Oral Presentation**)

- ii. **Complete Paper:** 31/10/2017
- iii. **Poster Summary:** 30/09/2017
- iv. **Copy of the Poster in .pdf:** 15/11/2017

2.1 Deadlines

At the discretion of the Organizing Committee, deadlines can be extended

3. Final Considerations

Abstracts sent by e-mail prior to the publication of this Call for Proposals will be evaluated and allocated within one of the ten working groups according to thematic relevance.

Proposals for the Thematic Seminar already sent in accordance with Notice 01/17, provided they have more than 5 complete papers sent, will be maintained and organized as thematic clusters within the Work Groups indicated in this announcement.
